NZ SUBCLASSES: 6.4A

Hazard Statement(s): Causes serious eye irritation.

PREVENTION: Wash eyes thoroughly after handling. Wear eye/face protection.

FOR FIRE: Use extinguishing agent suitable for type of surrounding fire. Water spray or fog. Cool containers with flooding quantities of water until well after fire is out. Unsuitable extinguishing media: Carbon dioxide (CO₂). Dry chemical. Do not use extinguishing media that contains ammonium salts.

FIRST AID: For advice, contact a Poisons Information Centre (e.g. phone Australia 131 126; New Zealand 0800 764 766) or a doctor.

RESPONSE: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

SAFETY DIRECTIONS: Avoid contact with skin and eyes. Wear overalls, impervious gloves and chemical goggles. Ensure adequate ventilation when using. If inhalation risk exists wear suitable mist respirator.

Store in a cool, dry, well ventilated place and out of direct sunlight. Store away from incompatible materials (refer to SDS). Keep containers closed when not in use.

SPILLS: Clear area of all unprotected personnel. Shut off ignition sources. Wear protective equipment. Absorb with sand or soil or other absorbent. Collect and seal in properly labelled containers. After cleaning, flush away any residual traces with water.

DISPOSAL: Dispose of in accordance with federal, state and local regulations. Dispose of waste in accordance with environmental legislation.

ADDITIONAL INFORMATION IS LISTED IN THE SAFETY DATA SHEET.
